

# LEG EXTENSION/CURL

Experience the versatility of the BODYCRAFT EXP Series Leg Extension/Leg Curl, a two-in-one commercial leg machine that combines leg extensions and seated leg curls into a single, compact unit. Seamlessly transition between these exercises, maximizing your workout efficiency. With its space-saving design, the Leg Extension/Leg Curl optimizes floor space utilization, enabling your facility to reach its full potential.

Switch between extensions & curls easily with the adjustment handle.

Use the ratchet-style telescoping back pad for precise positioning.

The counterbalanced pivot arm and self-aligning leg roller ensure a comfortable workout for varied body types.
