

F540 DUMBBELL RACK

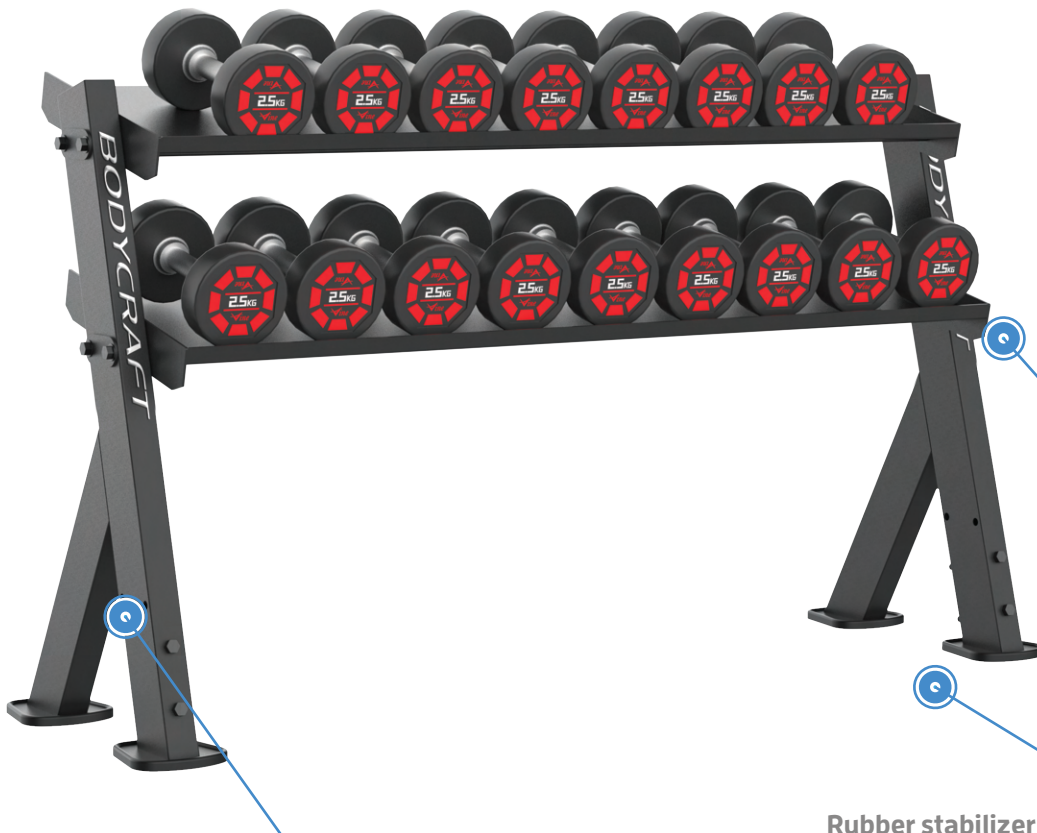

Introducing the F540 Dumbbell Rack: the ultimate gym organization solution. With its 60-inch wide, 2-tier design and customizable third tray option, users can choose between an additional tray, a ball holder, or a weight plate holder for enhanced organization. Optional attachments like the landmine and battle rope add versatility to workouts. Built with durability in mind and featuring rubber stabilizer feet for added stability, the F540 ensures a streamlined and safe fitness experience. Plus, its ability to be daisy-chained with other racks and the Half Rack option allows for limitless expansion possibilities, catering to evolving fitness needs with ease.
