## APP COMPATIBLE - BLUETOOTH / ANT+

Our new Smart Touch consoles are equipped with GemConnect Bluetooth/ANT+. This allows applications to access, sync, and process data from the treadmill (speed, time, distance, heart rate, etc). Each app uses this data to create an entertaining user experience and can track, save, and share each workout to third party apps. Use your Smartphone, Tablet, or Cast to a TV!

## CONNECT TO THESE APPS AND OTHERS

**ZWIFT**  
Run in the real world and power across our virtual worlds. Pair up your Bluetooth enabled supported treadmill and get going.

**RUN SOCIAL**  
Run through real-world videos of beautiful locations with "mixed reality" technology. Enjoy on your iPad/iPhone or via casting.

**VIRTUAL RUNNER**  
An exciting approach to treadmill running. Videos of popular courses speed up and slow down to your pace, immersing you in the experience.

**GYMTRAKR** \*(NOT TICKR COMPATIBLE)  
Allows users to connect to fitness equipment. Displays workout stats and stores workout history, share workouts to other Apps

**WAHOO RUN FIT**  
Fitness Tracking and Heart Rate Training for Cardio, Running, & Walking. Save Heart Rate, Calories Burned, and Workout Data.

## ENHANCE YOUR EXPERIENCE

Connect an ANT+ Wireless Monitor Directly to Apps or the Console for Heart Rate, Calories Burned, Cadence, Running Analytics, AND MORE!
